# THE NAME

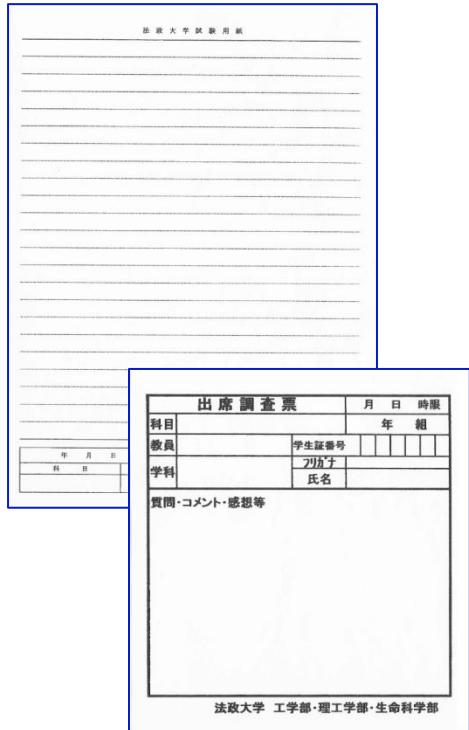

Karuta (カルタ金) was a type of armour worn by samurai warriors and their retainers during the feudal era of Japan. The word karuta comes from the Portuguese word meaning "card", (carta) as the small square or rectangular plates that compose the armour resemble traditional Japanese playing cards.

The screenshot shows the Sakai digital workspace interface. At the top, there's a header with the university logo and a workspace title. Below the header is a navigation menu with various links like Home, Announcements, and Assignments. The main area displays a hierarchical file structure under a folder named '2013 コンピュータサイエンス論'. A yellow callout box labeled 'Drop box for Report (Read Write)' points to a folder named 'mobile'. Another yellow callout box labeled 'Templates (Read Only)' points to a folder named 'd-Paper'.
